

Registration first-semester mentoring program winter semester 2024/2025

You are completely new to Osnabrück? Are you worried that your studies might be too much? You couldn't take part in the welcome week at all or only part of it? You are the first person in your family to study? You are not sure about how studies are organized in Germany?

For all these questions you can get a personal contact person - an OSKA. Our OSKAs are experienced students who will be at your side throughout the first semester to help you with any questions you may have so that you can find your way through the jungle of university. In addition, your OSKA will help you get to know the campus and student life in a small group with other first-year students (mentees).

What is this program about?

- you have questions about how to study in Osnabrück or in Germany in general?
- you are worried about the start and want some peer support?
- you are looking forward to have meetings in small groups with other students?
- you want to get to know other students, the university and the city?

You are interested? To become part of the first-semester mentoring program, simply fill out the short registration form. You will then receive confirmation from the OSKA+ team with all further information.

You will meet your OSKA in the welcome week from the 21th of October 2024 or in the beginning of the winter semester.

Do you have any questions about the OSKA+ program?

Just write an email to oskaplus@uos.de. We would love to welcome you!
